SOCIAL MEDIA

3B Digital Ltd. (formerly 3B Web Design) is a leading web design, development and digital media agency based in Battersea Park, Wandsworth, London, SW11 that has busied itself improving the internet - one website at a time - since 1998.

We are a full service agency, specialising in Open Source CMS and web solutions (particularly Joomla), website design and component development, search engine optimisation, search engine marketing, online advertising and social media strategies.

3B has a wealth of experience in a broad range of industries that include major players in The Arts, Digital & Wide Format Print, The Music Industry, Education and Finance, and works with clients of varying size and scale, from start ups and SME's to Corporations and Educational Institutions. Wether you need a website built for a new company, a new website for an existing company, or your dated website revamped, we are the agency for you!

The Role of Social Media

Alex Bremer says: "Social Media is the Internet growing up...!"
